(2nd verse:)  
 There's no need to frown when your skies are gray  
 Oh, you can have fun on a rainy day  
 Your friends can help you chase your blues away  
 Your imagination can take you far  
 Be anything you want to, no matter who you are.

(3rd verse:)  
 I turn on my TV, along came the news  
 The weatherman's singing the Rainy Day Blues  
 But it's all right, it's all right, it's all right, it's all right  
 I'm gonna turn up the music  
 And dance my blues away
