# CASS RAP

Heather Bishop

(1st verse:)

Well, I've got me a friend by the name of Cass  
She's a real cool kid; she don't take no sass  
She loves her bike and she loves her jeans  
She loves herself; that's self-esteem.

(Chorus:)

She goes "Stop! Don't be puttin' me down  
I ain't no fool, baby, I've been around."  
She goes "Stop! Don't be puttin' me down  
I ain't no fool, baby, I've been around."

(2nd verse:)

Well, you know those days when you get out of bed  
Your teeth are achin' and so is your head  
You're doin' your best to try to turn it around  
But somebody's in your face tryin' to put you down.

You go...

(Repeat Chorus)

(3rd verse:)

So you take it outside tryin' to get some relief  
Along comes a bully tryin' to set up a beef  
So you slip 'em the sly and you slide on by  
'Cause that's mean and nasty, it ain't no lie.

(Repeat Chorus)

It's a bad hair day, nothin' goin' your way  
The teacher's got a question, you got nothin' to say  
You know you got the blues when you're feelin' that down  
Better pick yourself up, put your feet on the ground.

(Repeat Chorus)

I AIN'T NO FOOL BABY, I'VE BEEN AROUND.
